Ancaster, Ontario, Canada
Wednesday December 10, 2003

Central Fund of Canada Limited is pleased to announce that CIBC World Markets Inc. has fully exercised its option to purchase an additional 3 million Class A shares, for additional gross proceeds of U.S.\$14,940,000 to Central Fund. CIBC World Markets Inc. yesterday agreed to underwrite 12,050,000 Class A shares for gross proceeds of U.S. \$60,009,000.

The underwritten price of U.S. \$4.98 per Class A share was non-dilutive and accretive for the existing shareholders of Central Fund. The additional net proceeds will be substantially invested in gold and silver bullion in accordance with Central Fund's Articles of Incorporation and stated investment policy. It is anticipated that this additional capital will reduce the operating expense ratio in favour of the existing and new Shareholders of Central Fund.

Class A shares of Central Fund are eligible as Canadian property for RRSPs, DPSPs, RRIFs, RESPs and other regulated accounts. The Class A shares are also eligible investments in the United States for various regulated investors and accounts. Central Fund's shares are considered as capital property for most investors and thereby qualify them for capital gains tax treatment.

Central Fund of Canada Limited (Est. 1961) amended its Articles of Incorporation in 1983 to provide investors with an exchange-tradable, convenient, low-cost and secure ownership of gold and silver bullion that is physically stored unencumbered in allocated, segregated and insured safekeeping in a Canadian chartered bank's treasury vaults. The bullion is audited semi-annually in the presence of Central Fund's auditors and bank officials.

The Class A shares of Central Fund have been listed on the Toronto Stock Exchange with symbol CEF.A since 1966 and on the AMEX with symbol CEF since 1986. They may be purchased on either stock exchange by world-wide investors.
