This analysis should be read in conjunction with Central Fund's financial statements prepared in accordance with Canadian generally accepted accounting principles included in its audited October 31, 2010 Annual Report and accompanying Management's Discussion and Analysis.

The change in net assets as reported in U.S. dollars from period to period is primarily a result of the changing market prices of gold and silver and the proportion of each held by the Company. Changes in the value of the U.S. dollar relative to the Canadian dollar will also have an impact on net assets when reported in Canadian dollars.

Net assets increased by \$2.491 billion during the six months ended April 30, 2011, primarily as a result of increases in the prices of gold and silver during the period of 16.0% and 99.1% respectively. The balance of the increase in net assets was attributable to the \$345.1 million public offering completed on April 6, 2011. Through this public offering, the Company issued 16,150,000 Class A shares for proceeds of \$345,739,200 net of underwriting fees of \$14,405,800. Costs relating to this public offering were approximately \$600,000 and net proceeds were approximately \$345,139,200. The Company used the net proceeds from this public offering to purchase 190,400 fine ounces of gold at a cost of \$272,304,500 and 1,755,000 ounces of silver at a cost of \$66,213,500, all in physical bar form. The balance of \$6,621,200 was retained by the Company in interest-bearing cash deposits for working capital purposes.

<i>Class A shares</i>	\$ 8.92	1.46	\$ 7.80	1.37
<i>Common shares</i>	\$ 8.92	1.46	\$ 7.80	1.37

Net income (inclusive of the change in unrealized appreciation of holdings) for the three months ended April 30, 2011 was \$1.894 billion compared to \$290.4 million for the comparative period in 2010. For the six months ended April 30, 2011, the net income (inclusive of the change in unrealized appreciation of holdings) was \$2.146 billion compared to \$309.0 million for the same period in 2010. Virtually all of the net income for both the three and six month periods was a result of the change in the unrealized appreciation of gold and silver. The price of gold increased by 17.8% during the past three months, and by 16.0% over the six month period. During the same periods, the prices of silver increased by 71.9% and 99.1% respectively. Interest income increased compared to the comparable three and six month periods in 2010 as interest rates on interest-bearing cash deposits were higher. Certain expenses, such as administration fees which are scaled, have varied in proportion to net asset levels or, in the case of stock exchange fees, with market capitalization based on the number of Class A shares issued. Administration fees, which are calculated monthly based on net assets at each month-end, increased during the three month period to \$2.4 million, from \$1.3 million for the comparative three month period in 2010. For the six month period ended April 30, 2011, administration fees increased to \$4.3 million from \$2.6 million for the comparative period in 2010. This increase in administration fees was a direct result of the higher level of net assets under administration.

Expenses as a percentage of average month-end net assets for the three month periods ended April 30, 2011 and 2010 remained unchanged at 0.08%. The expense ratio for the six-month period ended April 30, 2011 was 0.15% compared to 0.16% for the same six-month period in 2010. For the twelve month period ended April 30, 2011, the expense ratio was 0.30% compared to 0.32% for the twelve month period ended April 30, 2010.

Central Fund of Canada Limited is a specialized investment holding company which invests primarily in long-term holdings of allocated, segregated and unencumbered gold and silver bullion and does not speculate in gold and silver prices. At April 30, 2011, the Class A shares of Central Fund were backed 98.8% by gold and silver bullion and may be purchased or sold with ease on either the NYSE Amex (Symbol: CEF) or The Toronto Stock Exchange (Symbols: CEF.A in Canadian dollars and CEF.U in U.S. dollars).
